

**CS002G**

**Cordless Metal Cutter (185mm)**

Powered by 40V MAX XGT Li-ion battery

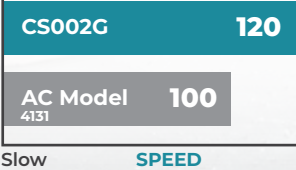

BEYOND AC

# HIGH SPEED CUTTING HIGH CUTTING CAPACITY

Achieved with the combination of Brushless motor and 40V MAX XGT lithium-ion battery

### Faster Cutting

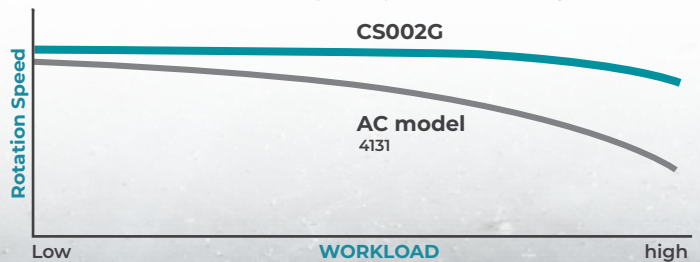

Battery used: BL4040  
Material: Cut lip channel steel bars (100x50mm, t=3.2mm)  
Blade: EFFICUT METAL 185mm 45T

### Large work amount

About **140** cuts  
on a single full battery charge

### Constant Speed Control

minimizes the reduction in blade speed to provide stable cutting.

# AFT

## Active Feedback-Sensing Technology (AFT)

Electronically turns off the motor if the rotation of the blade is suddenly forced to a stop.

## Electric brake

allows you to move on to the next cutting immediately

## Loop Handle

**Soft start**  
reduces recoil at startup.

**Twin LED Job Light**  
with pre-glow and after glow functions

**Guide Rule**

## Easy to attach/ detach Dust box

Simply by one-hand operation

for fast saw dust disposal

for fast blade changes

# XPT

## Xtreme Protection Technology

Engineered to channel away dust and water for increased durability.

## SPECIFICATIONS

|                        |                              |
|------------------------|------------------------------|
| Wheel Diameter         | 185 mm                       |
| Max Cutting Capacity   | 67 mm                        |
| No Load Speed (RPM)    | 3,500                        |
| Sound Pressure Level   | 102dB(A)                     |
| Sound Power Level      | 113db(A)                     |
| Vibration Level        | 2.5 m/s <sup>2</sup> or less |
| Dimensions (L x W x H) | 350 x 232 x 270 mm           |
| Net weight             | 3.5 kg (without battery)     |

**Standard Equipment:** Hex Wrench (Part # 783203-8), Guide Rule(Part # 164095-8). Safety Goggles (part # 191686-2)

| Variants | Battery | Charger | Carry Case |
|----------|---------|---------|------------|
| CS002G Z | NO      | NO      | NO         |

## Efficut Saw blades (optional)

- The Efficut saw blades are faster compared to standard saw blades
- Special tip design greatly improves efficiency
- increased durability against tip breakage when cutting metal

| Blade diameter | Bore (Hole) diameter | (Kerf) Tip Thickness | Plate  | No. of teeth | Tooth shape | Material   | Part No. |
|----------------|----------------------|----------------------|--------|--------------|-------------|------------|----------|
| 185 mm         | 20                   | 1.4 mm               | 1.2 mm | 45           | SMTCG       | Metal      | E-12918  |
| 185 mm         | 20                   | 1.4 mm               | 1.2 mm | 60           | SMTCG       | Metal & SS | E-12924  |

## Other Saw Blade for Metal Cutter (optional)

| Blade diameter | Bore (Hole) dia. (mm) | (Kerf) Tip Thickness (mm) | Hook Angle (deg) | No. of teeth | Tooth shape | Material / Application                | Part No. |
|----------------|-----------------------|---------------------------|------------------|--------------|-------------|---------------------------------------|----------|
| 185 mm         | 20                    | 1.9                       | 0                | 36           | ATB         | Mild steel (2 - 6mm)                  | B-04628  |
| 185 mm         | 20                    | 2.0                       | 0                | 48           | MTCG        | Thin mild steel (2 - 4mm)             | A-83967  |
| 185 mm         | 20                    | 1.7                       | -10              | 70           | FTG         | Corrugated thin plate (Less than 2mm) | A-86446  |
