

DF002G

XGT Cordless Driver Drill (13mm)

Powered by 40V MAX Lithium-Ion Battery

High Power | High Speed | Compact Design

Ideal for the most demanding drilling and driving applications in wood and metal

Increased work speed

Faster rotation speed (RPM) increase the work speed especially in a light duty application

Max fastening torque

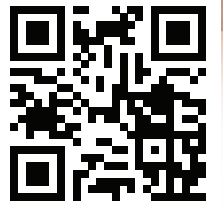

64Nm

(High speed mode)

No load speed

2,200 min⁻¹

(High speed mode)

VIDEO CLIP

A reinforced gear housing and all-metal gear transmission provides additional durability on the job site

Makita-built brushless motor delivers 64Nm of Max Torque

Extreme Protection Technology provides increased dust and water resistance in harsh jobsite conditions

All metal gear construction

High Power Brushless Motor

21 adjustable clutch settings

Single sleeve keyless chuck

Mechanical two speed settings (0-550 and 0-2,200 RPM)

Twin LED job light with preglow and afterglow functions

An ultra-smooth variable speed trigger provides optimum control

Increased maneuverability thanks to compact design
