

DJS131

CORDLESS METAL SHEAR (1.3mm) (OFFSET)

Powered by 18V LXT Li-ion battery

GREAT HANDLING ON CURVED CUTS

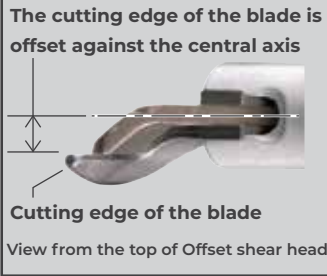

**MAXIMUM CUTTING
CAPACITY IN STEEL**

1.3mm

[ABLE TO PERFORM CURVED CUTS]

OFFSET SHEAR HEAD WITH A MAXIMUM CUTTING CAPACITY OF 1.3 MM IN STEEL [ABLE TO PERFORM CURVED CUTS AND CUT CORRUGATED SHEET METAL]

XPT
eXtreme Protection Technology
Provides advanced protection against dust and water

360 degree swivel shear head
Increased maneuverability achieved by using a 360 degree swivel shear head which is 12 position adjustable according to the orientation of workpiece and user's work posture

Single LED Job Light
with afterglow function illuminates the work area

Hook
Durable, reversible belt clip convenient for temporary tool hanging

ACCESSORIES

Side blade R
Part No. 725256-1

Center blade
Part No. 725257-9

Side blade L
Part No. 725258-7

SPECIFICATIONS

Max. Cutting Capacity	Steel: 1.3 mm (18 gauge) Stainless Steel: 1.0 mm (20 gauge)
Strokes Per Minute (SPM)	0 - 3,000
Dimensions (L x W x H)	332x79x252 mm
Net weight	2.3 kg

Standard Equipment: Hex Wrench, Belt Clip.

Variable Speed Built-in Job Light

Variants	Battery	Charger	Carry Case
