

GA7070 (180mm) / GA9070 (230mm)
Large Angle Grinders (Straight Handle type)

2,800W POWER

WITH MECHANICAL BRAKE, AFT FUNCTION and CONSTANT SPEED CONTROL

AFT

Increased Cutting Speed
For high voltage areas only

More durable Switch
Switch cover and Sponge added for increased leak-resistance between switch terminals

Increased maneuverability
lighter in weight than GA9040R, thanks to change from mechanical to electrical torque limiter

Enhanced motor durability

Mechanical Brake
• Equipped with a mechanical brake, which is interlocked with trigger switch
• High durability achieved by redesigning the brake plate

Straight Handle

Large Trigger Switch

Rotatable Main Handle

Low vibration main handle and side handle
soft grip for more comfort and control

Re-designed Shaft lock
enables to press the button from a slant angle for easier wheel changes

Rotatable Main Handle
can be positioned to suit most cutting and grinding operations

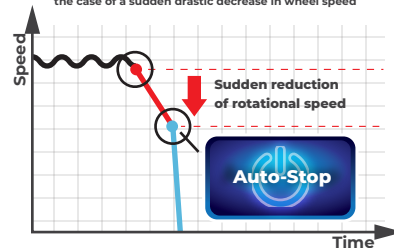

Anti-restart function

prevents accidental startup
Even if plugged in with the switch at "ON" position, the tool does not start. At this time, the indication lamp blinks red and shows that the unintentional restart proof device is functioning

AFT Active Feedback sensing Technology

automatically shuts off the power supply to motor in the case of a sudden drastic decrease in wheel speed

ACCESSORIES

Dust Collecting Wheel Guard

For Diamond Cutting Wheel

Part No. 198514-2 (GA7070)

Max cutting depth: 35mm

Part No. 198440-5 (GA9070)

Max cutting depth: 60mm

SPECIFICATIONS	GA7070	GA9070
Continuous Rating Input	2,800W (127V : 2200W)	2,800W (127V : 2200W)
Wheel Diameter	180 mm (7")	230 mm (9")
No Load Speed (RPM)	8,500	6,600
Sound Pressure Level	92 dB(A)	91 dB(A)
Sound Power Level	103 dB(A)	102 dB(A)
Vibration Level	Surface Grinding with anti vibration side grip 6.0 m/s ²	Surface Grinding with anti vibration side grip 4.8 m/s ²
Dimensions (L x W x H)	506 x 200 x 146 mm	506 x 250 x 146 mm
Net weight	6.6 kg *	8.5 kg *
Power supply cord	2.5 m	2.5 m

Standard Equipment: Wheel Cover, Anti-Vibration Grip, Lock Nut Wrench.

Double Insulation
 Dust Collection
 Soft Start
 Brake
 Torque Limiter
 Constant Speed (for high voltage areas only)

* Net Weight is including Wheel Cover Assembly, Vibration proof Grip, Inner Flange and Tool-less Lock Nut Assembly
