### 2 Stops heating promptly and automatically when the door is opened during heating

### 3 Reminder beep for items left in the cavity

If the microwave door is not opened for 1 minute after heating, a sequence of 3 short beeps sounds every 1 minute for 2 minutes, notifying user of items left in the microwave

### Internal Cavity Light

Lights up when the door is opened and also during heating

### Tempered Door Glass

- Hard-to-break
- The inside of cavity can be checked during heating
- Left-hinged side opening door

### Dust and Water resistant Construction

### USB Output Port

- 1 port (Type A for DC5V / 2.4A)
- With rubber cap for reduced chance of damage to terminal

### Excellent Portability

- Easy-to-carry compact design yet with proper cavity dimensions where popular size food container can be heated
- Large retractable carrying handle
