XGT Cordless Vacuum Cleaner (40L) (WET/DRY) (AWS)  
Powered by 80V MAX Li-Ion battery

Excellent vacuum performance equivalent to corded vacuum cleaner  
achieved with combination of XGT battery and brushless motor

With Dust Class L approved HEPA Filter

## AUTO WIRELESS SYSTEM (AWS)

AWS Dust Extractor connects wirelessly with the power tool and allows the dust extractor to start automatically when the tool starts. Also dust extractor stops on its own when the tool is in rest

**AWS**

Wireless unit slot allows to insert Bluetooth chip that communicates between tool and dust extractor for on/off function (198900-7) (optional)

## FREE FROM CORD

Using our cordless dust extractor with a cordless power tool means freedom of movement, reduced safety hazards and no plug-in or power issue

## High air flow similar to that of corded model

effective in applications where a large amount of airborne dust is generated

## MAX. AIR FLOW

**3.7** m<sup>3</sup>/min | **2.0** m<sup>3</sup>/min  
(Hose size: ø38mmx2.5m) | (Hose size: ø28mm x 3.5m)

## QUIET OPERATION

**69dB(A)**

@ dial Max

Cleaner is designed to reduce noise level for operator convenience and also for noise sensitive areas

## LARGE DUST CAPACITY

**WET / DRY : 30 / 40L**

Large dust capacity for continuous operation

## LONGER RUNTIME

Vacuum Cleaner is powered by two 40VMAX XGT batteries in series. (80V MAX)

## CONTINUOUS OPERATION

(using two 5.0Ah XGT batteries in series)

(At dial Min)

**80**  
mins

(At dial Max)

**25**

**AWS**

**HEPA**  
filter

**XPT**

**GYUPPA!**

## With Dust Class L approved HEPA filter system + GYUPPA

HEPA filter captures 99.97% of particulates 0.3 microns and larger

## Gyuppa! - Automatic self-cleaning filter system (with twin filters)

Automatically removes dust adhering to filter even in continuous use, reducing clogging of the filter to suppress decrease in suction power

Powder filter  
Damper  
Pre filter

### Large on-off switch

- For easy on/off
- Functions only when main power switch is on to prevent accidental switch-on during transportation, etc

### Variable suction power control by dial

Suction power is variably adjustable to suit application

### On-board storage

allows for storing accessories and batteries.

### IPX4

High water-resistance allows to operate the machine even if it is wet with water

### Extreme Protection Technology (XPT)

Enhanced Dust and Drip-proof performance ensures reliable operation even under bad weather

### Large rear wheels

### With water drain

Rubber bumper protects walls and furniture from bumps and scratches
