

Cordless Grease Gun XGT

GP001GD201

Product Description

• 40V MAX XGT • BL • XPT

Cordless Grease Gun powered by a 40Vmax XGT Li-Ion battery.

GP001G is widely used for efficient lubrication of heavy machinery, farm equipment, and construction machines, including applications such as greasing and crawler track tensioning. Equipped with a Brushless DC motor engineered to deliver stable and high-speed grease discharge, even in operations where lubrication pressure gradually increases, such as crawler track tensioning during construction machinery maintenance.

GP001GD201 comes with 2pcs of batteries BL4025, 1pc Charger DC40RA and plastic carry case.

Product Features

- ⊙ Brushless DC motor provides stable and high-speed grease discharge, even when lubrication pressure gradually increases
- ⊙ Discharge speed selection with preset counter and LCD display allows accurate fixed-quantity dispensing
- ⊙ Integrated constant speed control ensures stable discharge during operation
- ⊙ Air lock detection function helps prevent interruptions during operation
- ⊙ Accepts 14.5 oz grease cartridges or up to 16 oz bulk grease
- ⊙ Variable speed trigger enables precise control of dispensing speed based on the application
- ⊙ XPT (Extreme Protection Technology) improves dust and water resistance for harsh jobsite environments
- ⊙ Twin LED job light with independent switch improves visibility in dark working areas
- ⊙ Brushless DC motor provides stable and high-speed grease discharge, even when lubrication pressure gradually increases
- ⊙ Discharge speed selection with preset counter and LCD display allows accurate fixed-quantity dispensing
- ⊙ Integrated constant speed control ensures stable discharge during operation
- ⊙ Air lock detection function helps prevent interruptions during operation

- ⊙ Twin LED job light with independent switch improves visibility in dark working areas

Product Specifications

| | |
|------------------------------------|----------------------------------|
| Grease Capacity w/ Barrel A | Cartridge / Bulk: 410 / 455 g |
| Flow Rate | Mode 1: 145 mL/min (5.0 oz/min) |
| | Mode 2: 220 mL/min (7.5 oz/min) |
| | Mode 3: 290 mL/min (10.0 oz/min) |

| | |
|---------------------------------------|----------------------------------|
| | Mode 4: 350 mL/min (12.0 oz/min) |
| Applicable Grease (NLGI grade) | No.0 - No.2 |
| Max Operating Pressure | 69 MPa (10,000 psi) |
| Flexible Hose Length | 120 cm |
| Dimensions (LxWxH) | 395 x 112 x 245 mm |
| Net Weight | 4.6 kg (without battery) |

Standard Equipment

- ⊙ 2pcs of 40V MAX XGT 4.0Ah batteries (BL4025)
- ⊙ 1pc Charger DC40RA
- ⊙ Plastic Carry Case
- ⊙ Shoulder Belt
