

# Cordless Grease Gun XGT GP001GZ

## Product Description

• 40V MAX XGT • BL • XPT

**Cordless Grease Gun powered by a 40Vmax XGT Li-Ion battery.**

GP001G is widely used for efficient lubrication of heavy machinery, farm equipment, and construction machines, including applications such as greasing and crawler track tensioning. Equipped with a Brushless DC motor engineered to deliver stable and high-speed grease discharge, even in operations where lubrication pressure gradually increases, such as crawler track tensioning during construction machinery maintenance.

GP001GZ comes without battery, charger and carry case.

## Product Features

- ⊙ Brushless DC motor provides stable and high-speed grease discharge, even when lubrication pressure gradually increases
- ⊙ Discharge speed selection with preset counter and LCD display allows accurate fixed-quantity dispensing
- ⊙ Integrated constant speed control ensures stable discharge during operation
- ⊙ Air lock detection function helps prevent interruptions during operation
- ⊙ Accepts 14.5 oz grease cartridges or up to 16 oz bulk grease
- ⊙ Variable speed trigger enables precise control of dispensing speed based on the application
- ⊙ XPT (Extreme Protection Technology) improves dust and water resistance for harsh jobsite environments
- ⊙ Twin LED job light with independent switch improves visibility in dark working areas

## Product Specifications

<b>Grease Capacity w/ Barrel A</b>	Cartridge / Bulk: 410 / 455 g
<b>Flow Rate</b>	Mode 1: 145 mL/min (5.0 oz/min)
	Mode 2: 220 mL/min (7.5 oz/min)
	Mode 3: 290 mL/min (10.0 oz/min)
	Mode 4: 350 mL/min (12.0 oz/min)
<b>Applicable Grease (NLGI grade)</b>	No.0 - No.2
<b>Max Operating Pressure</b>	69 MPa (10,000 psi)
<b>Flexible Hose Length</b>	120 cm
<b>Dimensions (LxWxH)</b>	395 x 112 x 245 mm
<b>Net Weight</b>	4.6 kg (without battery)

## Standard Equipment

- ⊙ Shoulder Belt
