

Cordless Plunge Router

RP001GZ

Product Description

• 40V MAX XGT • 2,100 W • 12 mm, 12.7 mm

Light and compact plunge router with 60mm plunge capacity

A light and easy-to-use plunge router with a powerful 2,100 W motor that provides high maneuverability in various work postures. It matches the output of a 2,100W AC router while optimizing cooling efficiency for prolonged use.

Product Features

- ⦿ Powered by 40Vmax XGT Li-ion battery
- ⦿ Excellent manoeuvrability achieved by keeping the weight and overall height of the tool low, while maintaining high work efficiency
- ⦿ Lightweight design / Low overall height
- ⦿ Compatible with various existing accessories such as Template guide, Guide rail adapter, etc.
- ⦿ Can be connected to Vacuum cleaner using AWS (Auto-start Wireless System)
- ⦿ XPT (eXtreme Protection Technology)
- ⦿ LED lamp for indication of being unlocked

Barcode

197050005403
