

Finishing Sander XGT

BO007CGZ

Product Description

40V • 93x185mm • 6,000-12,000 min⁻¹

High power sanding in compact design achieved with combination of XGT System + BL Motor + Battery Connector

Low overall height & lightweight design, similar to that of Pneumatic Sanders (Thanks to connection cord type battery connector)

Product Features

- ⦿ Excellent maneuverability / Lightweight design / Low overall height
- ⦿ Constant speed control suppresses rotation fluctuations due to sanding load, providing stable sanding.
- ⦿ Connected via connector
- ⦿ New abrasive paper (net type) - Compared with the current abrasive papers, the net type papers reduce the chance of being clogged with dust, allowing for long continuous operation
- ⦿ Workability superior to Pneumatic Sanders
- ⦿ Compatible with AWS (Auto-start Wireless System)
- ⦿ Equipped with Soft start, Variable Speed Control, Constant Speed Control, Electric Brake, Anti-restart Function

Product Specifications

Orbits per minute	6,000 - 12,000 min ⁻¹
Abrasive Disc / Paper Size	Square: 93 x 185 mm
Orbit Diameter	2.0 mm
Dimensions (L x W x H)	263 x 92 x 106 mm
Net Weight (Tool only)	1.1 kg

Standard Equipment

- ⦿ Dust Bag
- ⦿ Abrasive Paper
- ⦿ Pad Saver
- ⦿ Battery Adapter
- ⦿ Arm Band
- ⦿ Punch Plate
- ⦿ Front Cuff
- ⦿ Tool Hanger
