

Inflator LXT

DMP181Z

Product Description

18V LXT • 1,110 kPa • 161 PSI

Cordless Inflator ideal for inflating large tyres including trucks, tractors, cars and bicycles

The 18V air pump automatically stops inflating when the preselected air pressure level is reached. The LED light facilitates working in low light and the thermostat protects the machine from overheating. Includes several valves for filling different types of products - eg footballs, tyres, etc. Tool only, battery and charger not included.

Product Features

- ⦿ Comes with various kinds of valve adapters
- ⦿ Battery protection circuit protects against overloading, over-discharging and over-heating
- ⦿ The machine remembers the pressure setting last time you power off
- ⦿ 3 Inflation modes (High speed, Low speed or Ball modes)
- ⦿ Ideal for inflating tires of cars and bicycles, sport balls, and more
- ⦿ Excess air can be released by pressing and holding the air release button
- ⦿ Digital pressure gauge with added convenient functions
- ⦿ The machine stops automatically when preset target pressure is reached
